

2025 NJFA MEMBERSHIP APPLICATION

Now entering its 50th year, the New Jersey Forestry Association (NJFA) is the only statewide organization that supports the interests of New Jersey's forests and forest landowners. Our activities and stature have grown significantly under our new management team and board, and we have quickly become the go-to resource on forest issues in New Jersey. We track, comment and report on legislation, regulations, actions and emerging matters affecting forests and forest ownership, stewardship, forest management, invasive species, insects and diseases, carbon sequestration and storage, farmland assessment, taxation, land use, hunting, recreation and outdoor activities, estate and legacy planning, preservation, and conservation, participate on advisory committees, conduct a broad range of outreach and educational programs, and actively work on behalf of private woodland owners.

The NJFA offers monthly online webinars, video libraries, training, meetings, field tours and newsletters. We collaborate with state and federal agencies, legislators, educational institutions, scientific authorities, conservation organizations, landowner organizations, outdoor and sporting groups, and forest professionals. We partner with other organizations such as the NJ State Forest Service, USDA/NRCS, SAF, Tree Farm, Rutgers, and other institutions, to bring programs and information to our membership and others interested in the future of New Jersey's forests.

We ask that you become a member, or renew your membership (at a higher level, if possible), so we can continue to pursue our mission, and expand our programs and activities. Renewal memberships by/near January 1, 2025 are much appreciated. **You can Join/Renew online at njforestry.org/join-us/ or complete and mail in this application with your check.**

Name _____ Address _____
Address (Add'l) _____ City _____ State _____ Zip _____
