

2026 NJFA Membership Application

Join/Renew online at njforestry.org/join-us/ or complete and mail in this application with your check.

The New Jersey Forestry Association (NJFA) is the only statewide organization that supports New Jersey's forests and forest landowners. Now in our 51st year, our legislative, regulatory and rulemaking tracking, comment, testimony, and member updates, Backyard Forestry Webinars and other educational and outreach programs have made us the go-to resource on forest issues in New Jersey.

We track issues, rulemaking and legislation affecting forests, including forest ownership, management and stewardship, farmland assessment, taxation, estate planning, conservation, preservation, cost-share programs, wildlife, habitats, invasive species, insects and diseases, carbon sequestration and storage, climate change, land use, hunting and outdoor activities. We provide input to agencies, legislators, committees, commissions and councils, and actively work on behalf of woodland owners. We operate on a model of effectiveness and expense management - with an all-volunteer management team and board. We treat every dollar of memberships and donations with respect.

We collaborate with agencies, legislators, commissions, councils, educational institutions, scientific authorities, forest professionals, and conservation, landowner and outdoor/sporting groups. We partner with the NJ Forest Service, NJ Forest Fire Service, USDA/NRCS, SAF, Tree Farm, Urban and Community Forestry, Rutgers and Rutgers Cooperative Extension, Stockton University and others, to foster common goals and bring programs and information to our membership and others interested in the future of New Jersey's forests.

Memberships received from 10/1/25-12/31/25 will include membership for 2026. Please join or renew your membership (at a higher level, if possible) today!

Name _____ Address _____

Address (Add'l) _____ City _____ State _____ Zip _____

Phone (_____) - _____ (Cell) Alt Phone (_____) - _____

E-Mail _____ (We send timely emails on legislation and events. Your information is not shared and you can unsubscribe at any time.)
